

# DE-MINING APRON

## BACKSIDE OPEN

## OVERVIEW

The De-Mining Apron is designed as a full fitting suit to provide maximum possible protection against fragments and explosions from detonating anti-personnel mines. The Garment design allows for interchangeability and upgrading of Armour protection levels according to the customer's requirements.

## FEATURES

- Velcro and Webbing adjustment on sides, shoulders and legs ensure exact fit.
- The De-Mining Apron includes Groin that can be worn when wanted and folded away inside the armour cover when it is not wanted.
- Flexibility and low weight enables the suit to be worn comfortably for long periods of operation without restricting wearer maneuverability.

## OUTER GARMENT

The outer garment is washable and made of high-strength 1000 denier Cordura that is specially treated to be flame retardant, water repellent, and abrasion-resistant.

## PROTECTION

- V50 450 m/s – 650 M/s

## WEIGHT

- 4.5 Kg +/-5%

## COLORS

- UN Blue  
Can be customized as per requirement.

## SIZE

One size fits all.

## WARRANTY

- 5 years performance warranty on soft armour panel
- 10 years performance warranty on hard armour panel
- 1 year performance warranty on Outer Carrier  
(Subject to usage conditions)
