

OVERVIEW

The Demining Protective gear is a lightweight protective suit, all-enveloping from head to foot, which is easy to wear but allows the wearer far greater comfort and ease of movement compared to the normal EOD suit.

MAIN PARTS OF SUIT

Jacket: Provides front, back, side, shoulder, and neck protection with the additional feature of HAP pockets. The high collar is designed to work in conjunction with any Helmet.

Arms: Separate sleeves provide optimum mobility.

Groin Protector: Can be worn in either the raised or lowered position. When raised it provides extra protection to the abdomen area.

Trousers: Supported by stout braces, this unique design provides freedom of movement and optimum protection to the legs.
